

The report of The 20th China (Guangzhou) International Metal & Metallurgy Exhibition

It enjoys the reputation of "barometer" of the world's metal and metallurgical industry, The 20th China (Guangzhou) International Metal & Metallurgy Exhibition organized by Guangzhou Julang Exhibition Design Co., LTD. was successfully held on June 13 to 15, 2019 in Guangzhou Import and Export Pazhou Complex.

This exhibition gathers the new technology of the metal and metallurgical industry. Leading the industry new wind direction, the exhibition of more than 10000 professional visitors to the exhibition site, the global more than 400 media work together, a total of from mainland China, the United States, Japan, Britain, Germany, the Netherlands, Italy, Spain, India, South Korea, Thailand, Singapore and other 520 companies in 28 countries and regions to participate in the exhibition, in nearly 30000 square meters of exhibition display the latest international technology and trends.

Guangzhou Julang Metal and Metallurgical industry exhibition exhibits by raw materials, processing technology equipment, products. Due to its large scale, strong professional and interdependent products of exhibitors, formed a complete industrial chain, has played a huge industrial chain effect, set up a lot of great achievements.

New technologies and products: engine power to boost the metal and metallurgical industry show new attractions!

Famous exhibitors: the same stage competition for the metal and metallurgical industry show icing on the cake!

Spring Industry:

The spring industry exhibition area covers a very comprehensive content, including all kinds of spring products, spring materials, spring equipment, spring testing instruments, attracting well-known enterprises from the whole industry to participate in the exhibition.

Waifois of Germany---The first day of the Exhibition, Catch the audience's eye!

With the grand opening of the exhibition in the China import and export fair complex, during the exhibition, Unique brand competitiveness and sound business model, Has also obtained the multitudinous potential operator's approval, Visitor are communicating with them all the time.

NUMALLIANCE of France Always pay great attention to our exhibition, When decorating the booth, Each screw is required to be exactly in place, Their earnestness has paid off.
